

BENEFITS TO TRANSITIONING SOLDIERS

OSHA 10 HOUR COURSE

On the job accidents and illnesses pose a major problem to companies. OSHA statistics show that 4,628 workers across multiple U.S. industries were killed on the job in 2012 – on average, more than 12 deaths every day.

Provides a OSHA 10 Hour Training Card at no cost to the Soldier (value \$499)

Provides hands-on hazard recognition training which saves money for workers, employers, insurers and taxpayers.

States with OSHA 10-hour construction training requirements are Connecticut, New York, Massachusetts, Missouri, Nevada, New Hampshire and Rhode Island.

Target audience for OSHA 10 Hour Training are E-5s and below. Soldiers must register online for training prior to the course date at <http://tiny.cc/orbi2x>.

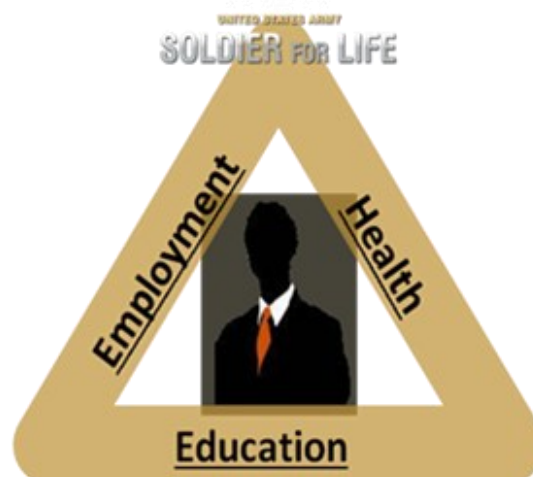

OSHA 30 HOUR COURSE

Target audience for OSHA 30 Hour Training are E-6s and above. Soldiers must register online for training prior to the course date at <http://tiny.cc/orbi2x>.

Provides a OSHA 30 Hour Training Card at no cost to the Soldier (value \$799).

Provides an advantage to job applicants, especially in construction which has the highest number of occupational fatalities by industry sector .

Nevada also requires OSHA 30-hour training for supervisors with mandatory 5-year training renewal.
